

iDMSS and gDMSS – How to see your cameras on your Phone

If you have an **iPhone**, go to the **app store** and download **iDMSS Plus**.

If you have an **android**, go to the **play store** and download **gDMSS Plus**.

Open the iDMSS/gDMSS plus app and go to the **menu** in the top left corner. Click **Device Manager**.

Tap the **'+**' in the top right-hand corner, then select **Wired Device**. Select **P2P**.

In the **Name Box**, type what you would like to **name the cameras** – i.e. Home, Workshop CCTV. In the **SN box**, type the **serial number** of your recorder. Leave **port** blank. Type in your **User Name** and **Password**. Leave **Playback** and **Live Preview** as **extra**.

Click 'start live preview'
